Dear Sir or Madam:

Specifically, we request information for this substance, as follows:

- 1) The Toxic Substances Control Act (TSCA) (15 U.S.C. § 2601 *et seq.*) Inventory Reporting forms (either "Form A's", "Form C's," PMN's, or any such forms) that were used to report this substance for the TSCA Chemical Substance Inventory ("TSCA Inventory");
- 2) A Chemicals in Commerce Information System (CICIS) (or equivalent) printout for this substance;
- 3) The number of companies, if any, who reported this substance for the TSCA Inventory but who claimed their identity as confidential; and
- 4) Any non-confidential correspondence, EPA memoranda, and other documents related to any changes in the Chemical Substance Definition (CSD) for this substance since it was first reported for the TSCA Inventory. The CSD for this substance is: "A complex residuum from the fractionation of the reaction products of 2-aminoethanol with ammonia to remove piperazine. It may contain such compounds as 2-[(2-aminoethyl)amino]ethanol, (aminoethyl)piperazine, (hydroxyethyl)piperazine."

With respect to item (1), please note that we are requesting copies of the original TSCA Inventory form(s) reporting this substance, not, for example, a computer printout indicating receipt of reporting form(s). We are also not requesting any TSCA Inventory Update Rule or TSCA Chemical Data Reporting Rule forms submitted for this substance.

We agree to pay reasonable search and reproduction costs for this information, up to \$100. A quick response would be greatly appreciated.

If you have any questions concerning this request, please do not hesitate to contact me at (202) 434-4302 or [clarkg@khlaw.com](mailto:clarkg@khlaw.com). Thank you in advance for your assistance.

Sincerely,
